CONGRATULATIONS TO THE CLASS OF 2020

Dear Parents/ Caregivers,

Assalamu 'alaikum wa rahmatullahi wa barakaatuhu

As we come to the end of this academic year, it is with great pride that we can look back at the many student achievements. The many values that have been on display throughout the year have particularly come to the fore as we end the term – resilience when tackling a particularly tricky problem, courage in coping with changes, love and honesty towards all members of the school community, appreciation for each other and all the opportunities that are given within the school – which all strengthen their character and their ability to make the most of every aspect of school life. The year 2020 was a huge accomplishment given the COVID-19 restrictions. We thank Allah (SWT) for providing us with guidance, patience and success. We believe that 2021 will be a more productive and engaging year inshaAllah.

AISNSW DESIGNING FOR DEEP LEARNING (DDL) PROJECT

This year, the school has been engaged in an AISNSW DDL project. The AISNSW DDL project is based on the work of Professor Michael Fullan, a prolific Canadian researcher and writer.

During PD Week, our teachers will participate in a workshop based on 'The Deep Learning Framework' which comes from his book 'Dive into Deep Learning: Tools for Engagement'. The purpose is to foster deep learning so that all learners contribute to the common good, address global challenges and flourish in a complex world. Watch this space for updates in 2021.

We want our students to have big dreams and goals and we ask our parents to remind their children that it is not about being the best. It is about being better than you were yesterday.
