Introduction

Al Noori Muslim School is an independent school for boys and girls from Kindergarten to Year 12 situated in the heart of Greenacre. The inspiration for the school came in the early eighties when a group of community leaders envisioned a local school based on the Islamic ethos.

Our vision is for Al Noori Muslim School to continue to be a school of excellence. We aspire to provide our students with an extraordinary skill set for further academic and professional life, in a context nourished by the Islamic faith and its teachings.

Our mission is for all students to be empowered, resilient and future focused.

Our students will be:

- Confident lifelong learners, with the flexibility, creativity and resilience to embrace change in the complex world of the future
- Empowered, collaborative and strong-of-character leaders, thriving on personal responsibility and problem solving
- Effective and empathetic communicators who are socially and culturally aware and inclusive

The Islamic faith and its values underpin all that we do at Al Noori Muslim School. Our values are expressed by:

- Practising Care and Compassion so students can show empathy and kindness to the less fortunate
- Instilling a motivation of Doing Your Best so students can become the best version of themselves
- Pursuing a Fair Go so students can make sincere, ethical and moral choices
- Honouring Freedom so students can confidently practise their faith
- Embodying Honesty & Trustworthiness so students hold themselves accountable for their actions
- Leading with Integrity so students can be authentic and true to themselves
- Showing Respect so students develop positive and harmonious relationships in Australian society
- Taking Responsibility so students work hard, take initiative and pursue excellence
- Demonstrating Understanding, Tolerance and Inclusion so students protect the rights of other students and fellow human beings

Every person associated with students at Al Noori Muslim School has a role to play in fulfilling our commitment to safeguard children and young people: all directors, employees, volunteers, supporters, partners and third-party providers must comply with our Framework as it relates to their role. We are committed, in all that we do, to safeguard children and young people from abuse and neglect and to promote child rights, safety and protection.

To enact this commitment, we will work with families and communities to always:

- act in the best interests of children and young people
- provide safe environments for children and young people
- take action to protect children and young people from abuse and neglect.
